TECHNICAL

CONSTRUCTION

<u>Track & Track Connectors</u>: Extruded aluminum; painted finishes are granulated powder coat.

POWER

Must utilize current limiter connector or panel based current limiter (supplied by others), if needed. Available for use with 120V single circuit only. Track powered via live feed connectors or j-box mounting plate connectors. At least one live feed or junction box connector must be selected to provide power to track assembly.

MOUNTING

Track may be mounted to any horizontal surface. Track and Track Components specified separately according to field application conditions. J-box mounting plate connectors provide a minimalist transition from customer supplied 4" Octagon box and accommodates ceiling thicknesses of 0.44" (12mm) to 0.75" (20mm).
