## Best Lighting Products of 2023

Suspension | Task | Outdoor

*Architectural Record's* annual competition presents the top [luminaires and fixtures](#) of the year.

### Uplight Pendant Track

This new Lucifer Lighting pendant has an integrated 24V LED tape along its length that produces an ambient upward glow in one of five warm to cool static-white color temperatures at +90 CRI. Suspended by an aircraft cable, the field-cutable fixture, 8' long x 2" high and less than an inch thick, comes in black or white powder-coated finishes.
